Pizza Prep Table

Model: GPP-44 / GPP-70 / GPP-90

Description

The Glacier commercial pizza prep table is constructed of heavy duty stainless steel to be durable and resilient to demanding kitchen environments.

It keeps toppings and ingredients insulated with a hinged cover, and includes several pan containers to keep food organized and ready to use. The bottom conveniently holds additional items with a removable wire shelf that can be adjusted. With a range of 33°F to 41°F, it chills and safely stores all types of food. Digital temperature controls and LED display lets you precisely pick the desired temperature. Designed with a bottom mounted compressor for efficiency.
