

SPECIFICATIONS:

L72 & L78 PASTA LIFTERS

FEATURES

- Individual timer with easy to read digital display for each lifter.
- Works with Italiana FoodTech single tank and double tank pasta cookers
- Made with AISI 304 18/10 stainless steel with Scotch-Brite brushed finish
- Made with AISI 216 15/10, 2mm thick tops.
- Adjustable feet for a level machine

The Italiana FoodTech automatic lifter is an ideal solution for any fast paced restaurant with fast production times or a high rate of turnover in staff. A lifter is sure to make your life easier and help ensure a uniform end product. Insert the pasta in the basket and press start, the lifter will immerse the pasta in water, once time is up, you will hear a beep sound and the basket will have already drained the pasta. Simple and effective!

Pasta baskets not included
